Wuxi, China

18th ICGIP

2026 18th International Conference on Graphics and Image Processing

You are invited to join 2026 18th International Conference on Graphics and Image Processing (ICGIP 2026) in Wuxi, China during November 6-8, 2026. It's the 18th year of ICGIP conference. ICGIP 2026 is co-organized by Nanjing University of Science and Technology, China, and Jiangnan University, China ; Hosted by School of Artificial Intelligence and Computer Science (School of Software), Jiangnan University, China.

KEYNOTE SPEAKER

Christian Sacarea Babes-Bolyai University, Romania

Christian Săcărea, PhD, is currently holds the position of Vice-Rector. His extensive research interests and contributions lie primarily in the fields of Formal Concept Analysis, Knowledge Representation, Artificial Intelligence, and Data Security. As a scientist, Dr. Săcărea is dedicated to extracting meaningful patterns and structures from complex data, with significant work in knowledge discovery and visualization in domains such as healthcare. He coordinates the Formal Concept Analysis research group at his university, exploring mathematical frameworks for data organization and retrieval. His proficiency in Graph Algorithms and Semantic Web technologies also provides a robust foundation for addressing challenges in 3-D and Surface Reconstruction as well as Computer Vision and Machine Intelligence.

CALL FOR PAPERS

- Track 1: Fundamentals and Methods of Image Processing
- Track 2: Advanced Image Acquisition and Computational Imaging
- Track 3: Computer Vision and Machine Intelligence
- Track 4: Computer Graphics and Virtual Reality
- Track 5: Image information Security and Management
- Track 6: Image Understanding and Intelligent Analysis
- Track 7: Intersection of AI and Graphics & Image Processing
- Track 8: Applications of Graphics and Image Processing in Emerging Industries
